PUBLIC INVOLVEMENT MEETING

US-460 Drainage Improvement Project

Miller Street to Landers Street

Anthony, NM

Anthony, NM: The New Mexico Department of Transportation (NMDOT) is proposing drainage improvements and ADA-compliant facilities as part of the NM-460 Drainage Improvement Project (CN-E100060) located in Anthony, New Mexico. Proposed improvements include installing curb and gutter, ADA facilities, sidewalk and storm drain. Sidewalk will be installed on both sides of NM-460 which currently does not have those improvements from Miller Street north to Landers Road. Curb drop inlets and a storm drain system will be installed for water runoff collection, as well as an outlet through a pond series located along designated private properties and along the western side of NM-478.

The project Study Team will be available to answer questions and the public is encouraged to provide input. Comments will also be received on bicycle and pedestrian issues and on natural and cultural resources.

When:

May 8, 2013

6:00 p.m. – 8:00 p.m.

Location:

City of Anthony, City Hall

824 Anthony Drive

Anthony, NM 88021
