Press Release

Alamogordo Bridge Maintenance Work

Alamogordo - The New Mexico Department of Transportation (NMDOT) began work on two Alamogordo bridges on White Sands Blvd. (US 54/70) south of town, over the railroad tracks, this week. The work is part of \$1.4 million project to improve three bridges, one in Carlsbad and two in Alamogordo.

Work includes removal and replacement of worn areas, joint repair, deck sealant and other miscellaneous maintenance work.

During this project, motorists can expect lane restrictions and temporary lane closures. Motorists are encouraged to use caution while driving through work zones. The bridge improvement projects are expected to be completed later this summer, weather permitting.

For up-to-date information on this work, visit the NMDOT road advisory website at www.nmroads.com
