

## World's Best To Feature bedliner.com and superwraps.com

*Bedliner.com's main product line is "Superliner", urethane coating for spray-on bed linings for trucks, while Superwraps.com is a leading provider of graphic vinyl wraps for cars and trucks.*

Deerfield Beach, FL ([PRWEB](#)) October 15, 2004 -- New Line Media Solutions is pleased to announce that it will feature the sister companies Bedliner.com and Superwraps.com on a segment of its innovative, educational television series, World's Best, as part of a series on best automotive specialists.

Bedliner.com offers the most simple-to-use impact resistant polymer coating available. By combining UV stability, high-gloss retention, custom graphics and dealer support, the company gives dealers a distinct advantage over their competition.

Bedliner.com products are not just for trucks. Ski/fishing boats, fiberglass and aluminum, decks, docks and piers, buoys, commercial vessels, trailers, and splash wells are just a few of the other applications for Bedliner.com products. With incredible ease of installation and superior durability, Bedliner.com products are suitable for recreational, industrial, interior, automotive, agricultural, or maintenance use.

Superwraps.com, the next generation in auto graphics, is a leading provider of graphic vinyl wraps for cars and trucks. It is known for dependability, with a reputation for high quality and integrity. Superwraps.com focuses on providing high-quality graphic wraps for almost every vehicle imaginable, at a price that is thousands less than custom paint.

The company designs and manufactures custom high-resolution car and truck wraps. It carries the latest, most original and detailed designs on the market, and its proprietary "Design-a-Wrap" system lets customers customize their own unique look using specially-designed layers. Customers can view, create and purchase designs on the website. Superwraps are available only online and through the exclusive Superwraps.com certified dealer network.

Superwraps' auto graphics create lasting brand recognition for businesses or a unique creative expression for personal vehicles. These vehicle graphics are digitally printed at a very high resolution, and are applied to exacting standards to give immediate and long-lasting impact. Superwraps can be installed on cars, motorcycles, RVs, boats, surfboards, gas tanks, trucks, SUVs and more. All Superwraps.com dealers and installers are certified through thorough training to ensure quality and durability.

Both companies are run by Simmons Industries, Inc., in Houston, TX, a family-owned and -operated business with years of experience in the urethane coatings industry.
