

## **Next-generation 2020 Hyundai Sonata Hybrid Details at Coastal Hyundai**

*Brevard County-area dealership provides informative model research on new sedan*

MELBOURNE, Fla. ([PRWEB](#)) March 06, 2020 -- Last month the Hyundai brand unveiled the next-generation 2020 Hyundai Sonata Hybrid, the next step in the brand's electrification plan for the next few years. The redesign brings the Sonata Hybrid in line with its non-hybrid counterpart, which was unveiled much earlier, with a few extra bonuses and enhancements.

Residents of the Brevard County area, especially those in Melbourne, Florida, specifically, can find all sorts of information regarding the [all-new 2020 Hyundai Sonata Hybrid](#) on the website of Coastal Hyundai, an automotive dealership local to the area. An informative research page on the website details many of the exciting specifications and features the hybrid sedan has to offer, while the dealership's blog houses a few posts that dive into more specific details on the hybrid sedan.

New features found in the 2020 Sonata Hybrid include things like its solar panel roof, which not only enhances the unique aesthetic of the vehicle but is also meant to charge the sedan's batteries, which leads to an increase in mileage.

Shoppers in the area that truly want to know all there is to know about the redesigned hybrid sedan can find all this information and more on the Coastal Hyundai website, [www.coastalhyundai.com](http://www.coastalhyundai.com). Interested buyers are encouraged to check back often as more information is sure to be added. Specific questions that arise in regard to the updated hybrid sedan can be directed to the dealership's sales desk at 321-723-4500. The dealership itself is located at 915 New Haven Ave. in Melbourne.
