*Traffic Report for week of **March 17, 2013***

### **White Sands Missile Range Notification**

**For information regarding closures you may call WSMR at 678-1178 or 678-2222 for updates.**

- Traffic updates are posted on the NMDOT traffic advisory web-site at [www.nmroads.com](http://www.nmroads.com) and can be retrieved through our automated system at 511 in New Mexico or 1-800-432-4269 from any line.

**I-10/I-25 Systems Interchange Las Cruces, NM** – I-25 Northbound (NB) & I-25 Southbound (SB): Traffic is reduced to one-lane in each direction. Speed limit is reduced to 45 MPH. Traffic will be switching lanes periodically throughout this phase for reconstruction of the driving lanes on I-25 NB and SB. I-10 WB to I-25 NB traffic flow has been switched from slip ramp detour to permanent alignment. I-25 SB traffic has been switched to the passing lane and is restricted to 1-11 ft. lane under the I-10 bridges; **oversize loads should avoid this area.**

- I-10 Eastbound (EB) & Westbound (WB): Traffic is reduced to one-lane in each direction. Currently I-10 WB traffic is on I-10 WB permanent alignment while I-10 EB traffic is on I-10 EB permanent alignment. Both directions remain reduced to single lane.
  - I-10 EB to I-25 NB ramp remains CLOSED. Motorists will have to access University exit in order to regain connection to I-25 NB.
  - I-25 to I-10 WB ramp is OPEN to traffic.
- Las Alturas traffic is on permanent alignment, periodic flagging operations may occur.
- Stern Drive is shifted to new permanent alignment. Traffic signals have been moved to the south end of Stern, yet periodic flagging operations will still occur for construction of driving lanes and painting of the retaining wall.
- Cholla Road is now fully open to traffic. Periodic flagging will occur for painting of the bridge.

**No Total Closures are schedule for next week.**

### **I-10 Corralitos, Las Cruces, NM**

The NMDOT and Mountain States Constructors continue with roadway paving on I-10 between mile marker 123-130. Traffic will be reduced to one lane with 12 foot lane restrictions, and

speed limit posted to 55 mph within the work zone. Motorists are encouraged to reduce speed as heavy equipment and personnel will be present as they move in and out of project site.

### **I-10 Motel Blvd, Las Cruces, NM**

The NMDOT and El Terrero Contractor have completed the construction of the on and off ramps on I-10 for the Motel Blvd exit. The contractor will have intermittent lane closures for I-10 and NM-292/Motel Blvd as painting of the bridge and shoulder work continue. Motorists are encouraged to reduce speed and obey traffic alerts as they enter work zones through I-10.

### **I-25 Truth or Consequences, NM**

The NMDOT along with James Hamilton Construction are working north of Truth or Consequences from mile marker 115-120 with daily operations from 5:00 a.m. until 7:00 p.m. This project will periodically have a single lane closure for up to 3 mile increments as the contractor continue paving operations and placing guard rail. Motorists are advised to proceed with caution and please obey traffic notifications.

### **I-25 Truth or Consequences to Socorro, NM**

The NMDOT in conjunction with Apache Construction will be working on guardrail upgrades between mile marker 83-175 from February 2013 until November 2013. The contractors daily operations will be Monday through Thursday from 7:00 a.m. until 5:00 p.m. Motorists will encounter lane drops and reduction in speed at various locations as this progress.

### **US-70 Picacho Avenue, Las Cruces, NM**

The NMDOT in conjunction with Star Paving Company will have traffic control established alerting motorists of the mill and inlay project between N. Main Street and the east of the Rio Grande River on mile marker 145.3 to the 148. This project will have a single lane closure for westbound (WB) and eastbound (EB) traffic, in one mile increments. Motorists are advised to proceed with caution and please obey traffic notifications.

### **US-70 Del Rey Blvd. to NASA Exit, Las Cruces, NM**

The NMDOT with Smith and Aguirre, Construction will have construction along US-70 starting at Del Rey Boulevard Exit (151 exit) to NASA Exit (161 exit). The contractor will have 12 foot lane restrictions in 2 mile increments. The daily operations will be ongoing Saturday and Sunday from 7:00 a.m. until 5:00 p.m., and on Monday through Wednesday from 9:00 a.m. until 3:00 p.m. Motorists will encounter left lane closures as vehicles approach the work zone throughout the duration of the project.

### **US-70 Lordsburg, NM**

The NMDOT with FNF Construction will continue work along US-70 between mile marker 0-15 with roadway rehabilitation including Cold Milling and WMA placement. Traffic control will be in place with a pilot car assisting during working operations with a one lane closure as it is a two lane roadway with work beginning at mile marker 0.00 (NM\AZ State Line). Therefore, please obey traffic notifications and reduce your speed.

### **US-180 Deming, NM**

The NMDOT with Mountain States Constructors continue working along US-180 on mile marker 160-165 with roadway rehabilitation and reconstruction. There are occasional flagging operations throughout the day at different times. The speed limit through the work zone is 35 MPH.

The NMDOT and Mountain States Constructors would like to remind motorists that double fines are in place and that heavy equipment and employees are working near moving traffic. Motorists are encouraged to obey traffic notifications and reduce your speed.

### **NM-28 Anthony, NM**

NMDOT will be conducting maintenance repairs by blade patching along the driving lanes on NM-28 from mile marker 10-13 starting on Monday, March 18, 2013 until Friday March 22, 2013. NMDOT will start their work day at 7:00 a.m. until 3:30 p.m., during this time there will be flagmen who will direct traffic, motorists are advised to proceed with caution and be prepared to stop.

### **NM-171 T or C, NM**

The NMDOT will be conducting maintenance operations along NM-171 from mile marker 0-1.7. The time of operation will start at 8:00 a.m. until 3:00 p.m. on Tuesday March 19, 2013 and will continue at 8:00 a.m. until 3:00 p.m. on Wednesday March 20, 2013. During these maintenance operations flagmen will be direct traffic, motorists are advised to proceed with caution and be prepared to stop.

### **NM-136/NM-273 Anthony, NM**

The NMDOT along with C.F. Jordan Construction, LLC will start roadway rehabilitation on NM-136 from mile marker 4.2-9.33 and NM-273 from mile marker 6.52-9.33. This project will periodically have a single lane closures along the entire length of the project. Motorists are advised to proceed with caution and please obey traffic notifications.

### **NM-226 Anthony, NM**

The NMDOT will be conducting maintenance operations on NM-226 between mile marker 0-2 with blade patching repairs. Motorists are encouraged to reduce speed as traffic will be reduced to one lane during working hours of 7:00 a.m. until 3:30 p.m.

### **NM-159 Mogollon, NM**

The NMDOT has **CLOSED** NM-159 from mile post 12-22 for the winter. This section of roadway will remain closed until spring of 2013. Please avoid any travels through this area until further notice.

### **I-10 Gage Rest Area Deming, NM**

The NMDOT will be conducting maintenance operations at the Gage rest area along I-10 at mile marker 61 westbound and will have a temporarily closure starting Monday March 18, 2013, and will be re-opened to the public Thursday April 18, 201. This closure is to conduct parking lot improvements, which will involve the movement of large heavy equipment and personnel within the perimeter of the area. The on and off ramp will not be accessible to the public until the project is complete. The NMDOT apologizes for any inconvenience this may cause the public and appreciates your understanding as we work on improving the condition of our rest area.
