Press Release

Public Involvement Meeting for North Main Street in Las Cruces

Las Cruces - The New Mexico Department of Transportation along with representatives from G. Sandoval Construction will be in attendance to discuss the project outline for the N. Main/US 70 Project. The NMDOT and the contractor will cover the project outline, upcoming changes within traffic control and the sequence of work that will be performed.

- **When**

**Wednesday
June 11, 2014**

- **Where**

**NMDOT Complex
750 N. Solano
Las Cruces, NM**

- **Time**

6:00 p.m. to 7:00 p.m.

The project has been steadily progressing as utility work is currently being done within the inner lanes and median. Concrete wall barriers have been placed throughout the work zone in order to secure the area for heavy equipment, crew members, and to allow traffic to flow safely in both directions. Motorists will continue to encounter restrictions along North Main/US 70 from Chestnut to just south of Solano.
