Driver: Brennan Newberry

Current Points Position: 26th

Race: **SFP 250**

Track: Kansas Speedway

Distance: 167 laps, 250.5 miles

BRENNAN NEWBERRY IS ALL SMILES AS HE HEADS TO KANSAS WITH A FAST TRUCK

As the NASCAR Camping World Truck Series (NCWTS) makes its' first stop at the newly paved Kansas Speedway, NTS Motorsports Rookie, Brennan Newberry will makes his second trip to the mile and a half tri-oval in the truck series. Newberry will bring with him a bit of experience, from his past truck and ARCA races, as well as a dedicated team and a brand new sponsor as he hits the track for the **SFP 250 at Kansas Speedway** on Saturday, April 20, 2013.

Sponsor Spotlight: There is something special about Newberry that draws sponsors to him. This week Hy-Vee has jumped on board as the primary sponsor for the No. 14 Chevy Silverado. They recently became the *Official Grocer and Tailgate Pit Stop of Kansas Speedway* and will continue as an associate partner for select races on the No. 14 truck. Hy-Vee operates 235 full-service supermarkets in eight Midwestern states, which makes them among the top 20 supermarket chains in the United States.

Shiny Silverado: With the new pavement and a new sponsor, why not have a new truck? The No. 14 Hy-Vee crew built a brand new Chevrolet Silverado (Chassis No. 006) for Newberry to race at Kansas Speedway this weekend.

Newberry's Kansas:

"Kansas is going to be really fast, and after the repave, possibly a whole new race. I ran the ARCA race there last year on the new pavement and liked it. We've got great momentum going during this three week run, and are finishing every race better than the last. I'm really looking forward to going to Kansas with Hy-Vee on the Truck, and a great NTS Motorsports team behind me."

Eddie's Expectations:

"Every week we go in with the same attitude to run every lap and finish the race. This race will be no different. The only difference is we now have three weeks of running together under our belt and the team chemistry and communication is even better. It's going to be a great race."

Catch the Race: Coverage of the **SFP 250** can be seen live on SPEED, Saturday, April 20, 2013, at 2:00 p.m. ET. MRN and Sirius Satellite radio (Channel 90) will broadcast from green to checkered flag.

And now what you didn't know: Hy-Vee is the grocery store known for “where there’s a helpful smile in every aisle.” What better spokesperson for the employee owned supermarket, than Newberry who always has a smile on his face.
