Traffic Advisory

NM 170 Bridge Replacement Begins March 16

Farmington—The New Mexico Department of Transportation (NMDOT) will begin bridge replacement work on NM 170 between mile post 16.534 and mile post 17.141 north of Farmington near the Colorado State Line. This work includes the installation of six (6) 66” culvert pipes and roadway reconstruction of NM 170 at this location.

Motorists are advised that there will be intermittent lane closures on the northbound and southbound lanes and traffic will be restricted to one lane. There will be an 11’ lane width restriction. The project is scheduled for completion the end of summer 2015, weather permitting

The Federal Highway Administration and NMDOT have partnered to fund the improvements. The project cost is \$1,506,830. AUI Inc. out of Albuquerque, New Mexico is the contractor for this project.

The NMDOT would like to thank you for your patience during this bridge improvement project.

Drivers are urged to proceed with caution through the work zone, observe traffic control signs and reduce speed to the posted limit. Updates on this project will be posted on the New Mexico Department of Transportation’s road advisory website www.nmroads.com
