Traffic Report for week of January 11, 2015

White Sands Missile Range Notification

For information regarding closures you may call WSMR at 678-1178 or 678-2222 for updates.

- Traffic updates are posted on the NMDOT traffic advisory web-site at <http://nmroads.com> and can be retrieved through our automated system at 511 in New Mexico or 1-800-432-4269 from any line.

N. Main/US 70 Las Cruces

The NMDOT with G. Sandoval Construction have extended their traffic control devices and concrete wall barriers along N. Main/US 70 from north of Gallagher to just north of the Madrid Street interchange. Motorists will continue to encounter one lane restrictions for both east and westbound traffic, which is limited to 10 feet within the work zone. The contractor continues work along the median westbound shoulder with speed limit posted at 35 MPH.

The City of Las Cruces will be making modifications to their bus route which can be found on their web at <http://www.las-cruces.org/Departments/Transportation/Services/RoadRUNNER%20Transit.aspx>

I-10/Mesquite & Vado Interchange

The New Mexico Department of Transportation (NMDOT) District One office and El Terrero continue with minor construction work on I-10 at the Mesquite exit with the removal of the concrete wall barrier, striping and re-installment of the cable barrier. The west and eastbound on and off ramps at Mesquite (mile marker 151) are opened to the traveling public. The Mesquite Bridge is scheduled to be open on Sunday with all on and off ramps restrictions lifted.

Earthwork is to begin at the Vado interchange on Monday January 12 by 6:00 am where the east and westbound ON ramps will be CLOSED. The off ramps and the bridge will be accessible to the traveling public.

I-25 9 miles North of Truth or Consequences

The NMDOT and Mountain States Constructors have shifted traffic the north and southbound lanes where motorists will travel on the newly constructed bridge for north and southbound movement. Traffic will continue to encounter width restriction of 12.5 feet between mile markers 88 to 92 as concrete wall barriers are placed. The contractor has removed the existing bridge which requires the northbound OFF ramp to be CLOSED at exit 92 due to reconstruction of the northbound lanes, please follow traffic control signage within the work zone. Project is scheduled to be complete by June 2015. Reduce speed and proceed with extreme caution as you travel through this area.

NM 460 Anthony, NM

NMDOT and Smith and Aguirre are working on installing a storm culvert drain pipe under NM 460 from Miller Street to Landers Drive. The contractor will construct a pond beside the Community Development Center, along with mill and inlay from New Mexico/Texas state line to O’Harra Road/NM 460. The project will also have new ADA compliant features such as sidewalks with landing and turnouts along NM 460.

NM 549 Deming, NM

NMDOT is currently replacing a bridge located off of NM 549 between Deming and Akela (mile markers 23 to 25). Motorists will need to seek an alternate route as this section of roadway is closed as the contractor continues work along this section of roadway.

Las Cruces Projects – City of Las Cruces

Madrid Avenue

Will be closed through the intersection of US70/N. Main Street. Access to residents and businesses will be maintained from adjacent streets. Motorists wanting to get to residents and businesses can do so by following the detours in place. Motorists using this road as a through route only should seek alternate routes if available.

Picacho Avenue

From N. Main Street to Campo Street will have intermittent lane closures. Access to residents and businesses will be maintained at all times. Motorists will be asked to decrease speed through the construction zone and should proceed with caution.

Phillips Drive

From Highland Avenue to Alameda Blvd will be closed to through traffic. Access to residents and businesses will be maintained from adjacent streets. Motorists wanting to get to residents and businesses can do so by following the detours in place. Motorists using this road as a through route only should seek alternate routes if available.

Thurmond Road

From McGuffey Road to Sonoma Ranch Blvd will have shoulder work and potential lane closures. Access to residents will be maintained. Motorists wanting to get to residents can do so by following the detours in place. Motorists will be asked to decrease speed through the construction zone and should proceed with caution. Motorists using this road as a through route only should seek alternate routes if available.

Wyatt Street

From El Paseo Road to S. Main Street will be closed to through traffic. Access to residents and businesses will be maintained from adjacent streets. Motorists wanting to get to residents and businesses can do so by following the detours in place. Motorists using this road as a through route only should seek alternate routes if available.

PLEASE NOTE: Conditions are subject to change without notice. Double fines for speeding in work zones are in effect.
