Traffic Advisory

I-40 Paving Operations To Begin June 1 - Moriarty

Moriarty—The New Mexico Department of Transportation (NMDOT) continues paving operation on I-40 from mile marker 183 to mile marker 197 located near Moriarty on June 1, 2015. The roadway paving operations will consist of an Open Graded Friction Course (OGFC) overlay. This work is scheduled to be completed June 5, 2015; weather permitting.

Starting June 1, 2015, the I-40 eastbound and westbound lanes will be reduced to one lane from 7:00 a.m. to 7:00 p.m. On June 2, 2015, the I-40 Moriarty Interchange (Exit 196) will be CLOSED. The closure will remain in effect until 7:00 p.m. on June 2, 2015. Traffic will be diverted to the Moriarty West Interchange (Exit 194).

The closure will be necessary to overlay the on and off ramps at the I-40 Moriarty Interchange.

The Federal Highway Administration and the NMDOT have partnered to fund the improvements. Mountain States Constructors of Albuquerque is the contractor for this project.

Drivers are urged to proceed with caution through the work zone, observe traffic control signs and reduce speed to the posted limit. Updates on this project will be posted on the New Mexico Department of Transportation's road advisory website <http://nmroads.com>
