Press Release

NM 532 (Ski Run Road) Curve Correction Project Begins This Week in Lincoln County

Ruidoso – Crews are scheduled to begin a curve correction project on NM 532 (Ski Run Road) in Lincoln County this week. The \$3.4 million project is expected to take a year to complete. The project will take place between mile marker 7 and mile marker 12.

As part of the work, there will be temporary traffic signals, ten foot width restrictions, and only one lane open to traffic while work is taking place. In addition, the gate leading to the Ski Run will close at 6:30 pm daily. The work is weather-dependent and will benefit motorists by increasing safety.

For up-to-date information on this project, go to the statewide road information website at: nmroads.com.
