

Manage Your Own Fantasy Racing League Online!

([PRWEB](#)) January 26, 2001 -- Now you can power your own fantasy racing league from any computer with an internet connection!

Wallbanger Fantasy Racing (www.race4cash.com) now offers a easy to use fantasy league management program that requires about 5 minutes of work per race. It doesn't get any easier than that!

The program can be modified for the NASCAR Winston Cup series, Busch Grand National, ARCA, Craftsman Truck Series, CART, IRL, Formula 1 or even your own local racing series.

Adapt the fantasy program into your website or run it straight from our servers. Check our website (www.race4cash.com) for more details!
