

Any website can provide carpool matching searches.

([PRWEB](#)) January 3, 2001 -- CarpoolConnect.com launches its B2B search syndication portal, <
http://www.carpoolconnect.com/go_feeds.asp>, which now offers affiliate webmasters live syndicated CarpoolConnect.com search results. The search results are easily incorporated into any web page through simple cut-n-paste JavaScript and XML methods. The look and feel is fully customizable by the affiliated webmaster. The service is ideal for local sites wishing to provide commuters carpool matching from a local region or for employer sites providing carpool matching to a destination. CarpoolConnect.com is one of the leaders in online carpool matching. Striving to provide an easy to use and private means of commuters meeting online Carpoolconnect.com has developed technology to enable commuters search their area for other registered members. Communication is established between members in a proprietary messaging system built into the web site. CarpoolConnect.com is located in Oshawa, Ontario. The company is striving to revolutionize the way commuters connect. For additional information on CarpoolConnect.com visit <http://www.carpoolconnect.com> or call (416) 892-7514.
