Central Coast luxury transportation service Paradise Limousine Co. now offers Paso Robles Wine Tours, allowing guests a fun and memorable opportunity to relax and safely enjoy the local Paso Robles wine region while traveling in style. <http://paradiselimousineco.com/>

Paso Robles, CA ([PRWEB](#)) February 05, 2016 -- Central Coast luxury transportation service [Paradise Limousine Co.](#) now offers Paso Robles Wine Tours, allowing guests a fun and memorable opportunity to relax and safely enjoy the local [Paso Robles wine region](#) while traveling in style.

For all Paso Robles Wine Tours, the limousine company provides friendly, fun and knowledgeable drivers, as well as clean, comfortable vehicles. Guests can expect to enjoy a 6-hour tour, visiting up to six wineries in the Paso Robles wine region. Paso Robles Wine Tours offered by Paradise Limousine are all-inclusive, and feature perks such as champagne and bottled waters in each vehicle. According to owner Paul Eitel, “Paradise Limousines prides itself in offering more features at a lower price.”

Eitel, was motivated to start his own limousine company after he had a first-hand experience being overcharged by a limousine service. Determined to offer a better alternative for Central Coast residents and visitors, he launched his own company: Paradise Limousines. Eitel’s many years of prior experience in automobile sales, along with his friendly personality and desire to provide quality service, have helped him carve a successful niche within the Central Coast’s luxury transportation industry.

Paradise Limousine has been operating for just over three years, and began with a single stretch limousine. Eitel believes that offering “reliable, dependable service along with awesome rates” has been the foundation of his company’s success. As a result, Paradise Limousine has recently expanded its fleet and services. The company now offers two stretch limousines and two vans, and has launched its Paso Robles Wine Tours.

Not only will guests enjoy the comfort and perks available in each vehicle, but they will also appreciate traveling a winery route that maximizes their time and wine tasting experience. Unlike many other similar services, Paradise Limousine guests never have to worry about sharing the service with others. When guests book Paso Robles Wine Tours with Paradise Limousine, they can rest assured that the vehicle will be provided for their use exclusively.

Larger parties may be interested in booking multiple vehicles. Two brand new vans in the company’s fleet can accommodate up to nine passengers each, and their higher vehicle roofs make it easier for guests to enter and exit throughout their Paso Robles Wine Tours experience.

Paradise Limousine is based in Paso Robles, and serves the entire San Luis Obispo County area.
