

Tire Recappers Announces New Line of Winter Tires

Nashville tire retread company, Tire Recappers, now offers CM&S 2 winter tires. The new tires are currently available in P225/65R17 and P205/55R16.

Nashville, TN ([PRWEB](#)) December 22, 2015 -- Tire Recappers, a Nashville-based tire retread company, has added CM&S 2 winter tires to its expansive collection of tire retreads. The new tire sizes are now available at tirerecappers.com.

“Tire Recappers is thrilled to announce our new line of winter tires,” said Lee Ford, Vice President of Tire Recappers. “The CM&S 2 is a high void tread design with increased siping that is also studdable.”

Currently, the CM&S 2 is available in two sizes: P225/65R17 and P205/55R16. Additional tire sizes to come include:

- P225/55R17
- P225/50R17
- P215/55R17
- P215/50R17
- P235/65R17

Retread tires provide a cost-effective and eco-friendly alternative to brand new tires. Drivers and fleet managers who choose retread tires save an average of 30 to 50 percent off the new tire price. In addition, tire retreads protect the environment by conserving millions of gallons of oil each year.

Tire Recappers proudly produces some of the highest quality tire retreads on the market. Each tire undergoes a thorough inspection process to ensure it meets the company’s performance, safety and quality standards. Learn more about Tire Recappers by visiting www.tirerecappers.com.

About Tire Recappers

Tire Recappers is a family owned and operated business. Since 1960, the company has been providing a safe, economical alternative to new tires. Each tire goes through a strict inspection process to guarantee the best possible quality. For more information about Tire Recappers, visit www.tirerecappers.com.
