

## **New Nissan Dealer Breaks Ground in San Antonio**

*Nissan of New Braunfels set to begin construction in February.*

([PRWEB](#)) February 01, 2016 -- Ground breaking ceremony for the all-new Nissan of New Braunfels is scheduled for February 4, 2016. The new dealership is the third in the VBM Auto Group lineup in San Antonio.

With the latest architecture design Nissan of New Braunfels towers in size spanning 48,000 square feet. A modern showroom will feature an entertainment lounge with fireplace, flat screen TVs, refreshment station and free Wi-Fi. In addition to the luxe amenities there will be a lake with LED lighting and fountains.

“Our new addition to the Vaughan/Guerra family of dealerships is built with the customer in mind,” said Vic Vaughan, owner. “We want people to be able to drive in and out with ease and relax while they’re here. Car-buying is a fun experience and we wanted an environment that compliments it.”

The grand opening of the store is planned for late 2016. The VBM Auto Group is looking forward to offering another venue for car-buyers in the San Antonio / New Braunfels / Texas Hill Country communities.

The VBM Auto Group is family-owned and operated and has served the San Antonio and surrounding areas since 2008 with Toyota of Boerne and Nissan of San Marcos. Visit them online at [ToyotaofBoerne.com](http://ToyotaofBoerne.com) or [NissanofSanMarcos.com](http://NissanofSanMarcos.com) for more information. The all-new Nissan of New Braunfels breaks ground soon at 2077 IH 35 North in New Braunfels at the Canyon Lake/Gruene Exit (across from Bucc-ee’s).
