

## **New Auto Listing Service Available**

### *New Auto Listing Service Available*

([PRWEB](#)) August 5, 2001 -- PC Power Outlet proudly announces it's newest website, <http://www.DigiDealership.com>. DigiDealership is an online automotive listing service that provides dealers, car rental agencies, private sellers and more the opportunity to list their vehicles for sale in a single, easy to use format. Their site features multiple categories from cars to trucks to vans to commercial to you name it. The principals of <http://www.DigiDealership.com> are currently pursuing relationships with independent dealerships, major and minor auto rental agencies, auto magazines, parts suppliers and more in an effort to raise awareness of and support for the site.

Look for many good things to be coming from <http://www.DigiDealership.com> in the near future!
