

## **Texas Auto and Residential Insurance Policy Forms Now Available Online**

*Office of Public Insurance Counsel (OPIC) has placed insurance policy forms online as part of OPIC's insurance policy comparison tool at <http://www.opic.texas.gov>.*

Austin, Texas ([PRWEB](#)) February 25, 2016 -- The Office of Public Insurance Counsel (OPIC) announced today that insurance policy forms are now available online as part of OPIC's insurance policy comparison tool at <http://www.opic.texas.gov/resources/compare-policies>. The comparison tool now includes links to the actual policy forms used by homeowners and automobile insurance companies operating in Texas. The tool currently includes the policy forms of over 80% of the Texas homeowners market and over 70% of the Texas automobile market. OPIC continues to add policy forms as they become available.

Public Counsel Deeia Beck stated, "OPIC is very pleased to provide the policy forms so consumers can review and compare policies before making insurance purchases." Beck also said, "An insurance policy's coverages can vary greatly by company along with premiums charged. It is important for the consumer to be able to review policies to determine if the coverage offered is in line with the consumer's expectations."

If you have any questions or would like to discuss or access a specific policy, please contact OPIC toll free at 1-877-611-6742 or by email at <http://www.opic.texas.gov/contact-us-3>.
