

## **Ray Brandt Infiniti Announces Extensive Dealership Remodel**

*Ray Brandt Infiniti announced that it will undergo a complete renovation to modernize its entire facility. Renovations at the Infiniti dealer will include a modernized showroom of luxury cars.*

Metairie, LA ([PRWEB](#)) February 26, 2016 -- [Ray Brandt Infiniti](#) is undergoing a complete remodel to make it the most enjoyable place to shop for Infiniti luxury cars.

General Manager of Ray Brandt Infiniti, Steve Sicard, recently announced that the New Orleans area dealership is undergoing an extensive remodel for the 2016 calendar year. All aspects of the dealership will be remodeled, and construction is expected to be complete by the end of 2016. The work will be done in phases, and construction on the showroom remodel should be complete by April 2016 so any customer inconvenience is kept to a minimum.

The remodel will update all interiors and exteriors of the dealership, including the sales offices, the showroom, the service center, and service offices. It also includes the addition of an expanded service facility. The new design, which will be uniform across most Infiniti dealerships in the United States, will feature an elevated exterior with a clear, low-iron insulated glass wall across the entire front of the showroom and a hotel-like interior lobby. The lobby will lead to an updated service lounge and product gallery, and then on to a refurbished showroom with an exquisite modern style.

"The remodel will make our dealership into a more modern environment that is in keeping with Infiniti standards," says Sicard. "And the new layout will allow us to provide our customers with even better customer service for years to come."
