

Craters & Freighters Provides Stress-Free Moving Solutions for Senior Move Managers

Craters & Freighters is a proud member of National Association of Senior Move Managers (NASMM)

Golden, CO ([PRWEB](#)) March 09, 2016 -- Craters & Freighters attended The National Association of Senior Move Managers (NASMM) annual conference at the La Cantera Hill Country Resort San Antonio last month, February 25-28. For the fourth straight year Gary McKinley, owner of Craters & Freighters of SW Florida, exhibited for Craters & Freighters Franchise who proudly supports the organization. This year at NASMM, Craters & Freighters presented their services and held a raffle for booth visitors giving away a new iPad mini to one lucky attendee.

The National Association of Senior Move Managers (NASMM) is the leading membership organization for Senior Move Managers in the United States, Canada and abroad. NASMM is recognized for its innovative programs and expertise related to Senior Move Management, transition and relocation issues affecting older adults and their families.

Craters & Freighters has been providing expert senior and logistic services for over 25 years and has over sixty brick and mortar locations throughout the United States. They are ever mindful of the struggles and emotions families and loved ones undergo during these transitional times by offering complete single source services of pick-up, packaging, shipping, insurance and delivery for both domestic and international clients.

Senior Move Managers have the unique profession of not only managing and organizing an entire move, but to also ensure items are delivered in perfect condition to their clients' new home or to family members throughout the country. Often times they call on moving, retail pack and ship stores or parcel shipping companies to assist with moving everyday belongings, but these are not always the right fit. Craters & Freighters fill the needs of clients during the stressful times in downsizing or estate liquidations.

The 2017 NASMM Conference will be held in Indianapolis, March 9-12, 2017. The detailed and informative announcements will be posted on their website; <https://www.nasmm.org/index.cfm>

About

Craters & Freighters was founded in June 1990 to meet the needs of businesses and consumers for specialty freight handling. For over two decades, Craters & Freighters has been meeting America's custom shipping needs with consistent, high quality professional packaging, crating and worldwide transportation services. We are looked to by both consumers and businesses to protect their assets with our unique range of services.

The company serves consumers and businesses in all sectors including telecommunications, electronics, medical equipment, aerospace, biotechnology, and heavy machinery. With Expertise that Delivers, the company dominates the specialty freight industry.
