The Woodlands, Texas ([PRWEB](#)) March 15, 2016 -- Mercedes-Benz of The Woodlands was voted among the top three car dealerships in the 7th Annual "Best of the Woodlands" awards, sponsored by WoodlandsOnline.com.

Voting for "Best of The Woodlands" took place in February and allowed members of the community to vote for their favorite local businesses and organizations in several categories, ranging from the best burgers to the best mortgage company.

"We are so excited to receive this honor," said Bob Milner, co-owner and managing partner of Mercedes-Benz of The Woodlands. "From day one we have been committed to offering only the best in customer service and creating a truly luxury retail experience. While we also love to give back to this great community by supporting local nonprofit groups and worthy causes, the people of The Woodlands have given us so much more."

Mercedes-Benz of the Woodlands first opened its doors in April 2015, becoming one of the newest authorized Mercedes-Benz dealers in Texas. During the dealership's first year of business it has welcomed hundreds of new customers and fostered an active, service-minded employee culture that serves The Woodlands community through participation in nonprofit company efforts. During the past year Mercedes-Benz of The Woodlands has supported the Johnny Mac Soldiers Fund, Texas Children's Hospital-The Woodlands, and other local community groups and events.

"Being named 'Best of The Woodlands' after the dealership's first year of business is proof and testament that we are getting things right," Milner said.

As a finalist in the "Best of The Woodlands," Mercedes-Benz of The Woodlands is among the top businesses in the community — as chosen by the people.

"Best of The Woodlands is the perfect way for those who live, work and socialize in this beautiful community to show the businesses and organizations they care," Jessica Fraser, CEO of Digital Texas, said. "In it's seventh year, Best of The Woodlands is a special and unique way to say thank you to all the businesses in our area."
