

NADAguides to Showcase Its New Manufactured Home Price Tool at the 2016 Tunica Manufactured Housing Show

NADAguides to Showcase Industry-leading products for manufactured home industry at 2016 Tunica Show

Costa Mesa, Calif. ([PRWEB](#)) March 16, 2016 -- NADAguides, the largest publisher of the most market-reflective values, retail pricing, and information available for manufactured homes, will be exhibiting at the upcoming 2016 Tunica Manufactured Housing Show in Tunica, Mississippi. The event is scheduled to take place on March 23- 25, 2016, where NADAguides will feature their pricing and valuation tools for new and used manufactured homes.

NADAguides' Eric Westermeyer, Managing Editor, and Lenny Sims, Chief Business Development Officer, will both be on-site at booth 81/82 to provide demonstrations, and to answer any questions about the company's latest products and services. These products include the New Manufactured Home Price Tool, and the Used Manufactured Home Cost Tool. Also, free 30-day trials of the Used Manufactured Home Cost Tool will be available to event attendees visiting the NADAguides booth.

In addition to the existing multi-report package option for their New Manufactured Home Price Tool, NADAguides has recently started offering a pay-per-report option for lower-volume users. Their product was developed to help lenders comply with the Higher-Priced Mortgage Loans (HPML) Appraisal Rule that went into effect on July 18, 2015; however, retailers, community owners, and consumers, have been greatly benefiting from the use of this product as well. Users are able to quickly generate price reports from any device any time and, at an extremely competitive price.

“As part of our financing process, for the past several months, we have used the NADAguides New Manufactured Home Price Tool and Used Manufactured Home Cost Tool to document the pricing and value (respectively) of manufactured homes for HPML Appraisal Rule compliance purposes. These have become our go-to products, as they are efficient, reliable, available 24/7, and very cost effective.”
