

## **World Patent Marketing Invention Team Announces Wonder Washer, A Cleaning Invention That Will Thoroughly Clean Any Windshield**

*World Patent Marketing Reviews A New Cleaning Invention. Will Wonder Washer Be the Next World Patent Marketing Low Cost Success Story?*

Miami, FL ([PRWEB](#)) March 29, 2016 -- [World Patent Marketing](#), a vertically integrated manufacturer and engineer of patented products, announces the Wonder Washer, a cleaning invention designed to improve how windshield wipers clean and remove dirt and grime from the surface.

"The Car Wash & Auto Detailing industry is worth \$9 billion," says Scott Cooper, CEO and Creative Director of World Patent Marketing. "The number of vehicles in use in the United States is projected to rise steadily over the next five years, further expanding the industry's customer base."

"A filthy windshield is not only disgusting to look at, it can also diminish a driver's visibility and potentially cause accidents on the road," says Jerry Shapiro, Director of Manufacturing and [World Patent Marketing Inventions](#). "With the new cleaning invention called the Wonder Washer, windshields are now thoroughly cleaned without the need to physically accomplish the cleaning task yourself."

The Wonder Washer is a cleaning invention specially designed to provide a vehicle with a windscreen cleaning device. Made of highly durable and quality materials, this invention comprises of a rotated brush head, a pump, a spray head for stream of pressurized cleaning fluid to go through and a tank for the cleaning fluid. It is able to assist in removing dirt and other debris such as bird droppings, grime and insect splatter from the windshield in a safe yet highly efficient manner. The rotating brush, combined with pressurized water will be able to turn the windshield of any vehicle back into its squeaky clean appearance. To activate the Wonder Washer, an individual simply uses the hand held remote that comes with it and press the necessary command buttons needed.

"The Wonder Washer: Bugs & Grime Gone In No Time!" says inventor Thomas P. "This cleaning invention prevents car owners from having to physically get out of their vehicle and wipe all the dust and grime that has accumulated on the windshield's surface. With just a few clicks of a button on the hand held remote, the windshield is clean and clear once more."

Henry Peterson, a food delivery driver from Alabama, has this to say about the Wonder Washer: "Being on the road all day long, my vehicle's windshield accumulates so much dirt that seeing clearly by the night time is very difficult. With the Wonder Washer, all I need to do is turn it on and clean my windshield any time of the day without having to go out of the vehicle."

The Wonder Washer is a cleaning invention which makes it easy and convenient to clear windshields whenever and wherever.
