

## **New England Tire Announces Oil Change Special**

*Through July 31, 2016, New England Tire Car Care Center will offer an oil change that includes up to five quarts of name-brand conventional oil and an oil filter for only \$19.95.*

Attleboro, MA ([PRWEB](#)) May 04, 2016 -- [New England Tire Car Care Center](#) is pleased to announce an oil change special for their loyal customers. Through July 31, 2016, New England Tire Car Care Center will offer an oil change that includes up to five quarts of name-brand conventional oil and an oil filter for only \$19.95. That's a discount from their usual \$35.95 price, and applies for most US and import cars.

New England Tire Car Care Centers emphasizes the importance of regular oil changes for engine longevity. The internal combustion engine's moving parts run on very close clearances with each other, and rely on a film of lubrication to cut friction and premature wear. Motor oil is also vital to dispersing the heat of combustion, but the combustion process also results in carbon, acids, water vapor and other byproducts that contaminate the oil. If left too long, motor oil will lose its lubricating properties and carbon-rich sludge will start to accumulate on internal parts, increasing wear and shortening engine life.

New England Tire Car Care Centers has five locations in Massachusetts and Rhode Island, and has been serving New England drivers for over 30 years. They sell all major brands of tires, including Goodyear, BFGoodrich, Continental, Firestone, Michelin and more. In addition, their service department offers oil changes, engine diagnostics, wheel alignments, brake service, wheel balancing and more, all performed by ASE-certified technicians. New England Tire Car Care Centers is proud of its New England roots, and puts a strong emphasis on integrity in auto repair and excellent customer service in every transaction.

[Newenglandtire.com](#) is powered by TCS Technologies. TCS Technologies, a Microsoft Certified Partner, develops and markets both off-the-shelf and custom tire software solutions, web applications, ecommerce platforms, and support and consulting services to tire companies across the US and Canada.
