

Asset Based Intermodal, Inc. Joins U.S. EPA SmartWay® Transport Partnership as pioneering collaboration between U. S. Environmental Protection Agency (EPA)

Asset Based Intermodal, Inc. today announced that it joined the SmartWay® Transport Partnership, a pioneering collaboration between U. S. Environmental Protection Agency (EPA) an industry that provides a framework to assess the environmental and energy efficiency of goods movement supply chains.

Garland, Texas ([PRWEB](#)) April 30, 2016 -- Asset Based Intermodal, Inc. will contribute to the Partnership's savings of 170.3 million barrels of oil, \$24.9 billion in fuel costs, 72.8 MMT of carbon dioxide (CO₂), 1,458,000 tons of nitrogen oxides, and 59,000 tons of particulate matter. This is the equivalent to eliminating annual energy use in over 6 million homes and carbon smog. By joining SmartWay® Transport Partnership, Asset Based Intermodal, Inc. demonstrates its strong environmental leadership and corporate responsibility.

“The SmartWay® Partnership ties our organization’s mission with SmartWay® Transport Partnership goals, and reaffirms that our organization is looking forward to help achieve these goals, do our part as a responsible corporate citizen and contribute to the reduction of emissions” –Craig Ingram/Owner

Developed jointly in early 2003 by EPA and Charter Partners represented by industry stakeholders, environmental groups, American Trucking Associations, and Business for Social Responsibility, this innovative program was launched in 2004. Partners rely upon SmartWay® tools and approaches to track and reduce emissions and fuel use from goods movement. The Partnership currently has over 3,000 Partners including shippers, logistics companies, truck carriers, rail, barge and multimodal carriers.

Asset Based Intermodal, Inc. is a family-owned and operated intermodal drayage company in the Dallas/Fort Worth area that services a 4 state region of Oklahoma, Arkansas, Louisiana & New Mexico off the UP, Kansas City Southern (KCS), and Burlington Northern Santa Fe ramp (BNSF).

Our team of experts always stays on top of the latest technology to keep us moving in the right direction. Our goal is to make a positive difference in your business through our services, and build long term relationship with you. Our commitment to our clients can be seen by the amount of emphasis we lay on team work, customer support services and making technological upgrades in our logistic process.

We have years of experience in the business of logistics including trucking & warehousing and pride ourselves in maintaining a great on-time service record with our customers. We do this by providing our drivers with everything they need to perform at the highest level.
