

InventHelp Invention Protects and Enhances the Look of a Truck's Side-View Mirror (DVR-940)

InventHelp, based in Pittsburgh, is submitting the MIRROR MOUNTS to appropriate companies in the hopes of a good faith review.

PITTSBURGH, PA ([PRWEB](#)) April 16, 2016 -- An inventor from fort Collins, Colo. wanted some way to protect the side-view mirror of his truck and wanted everyone at a diesel pull to have something neat to look at. To meet these needs he designed the MIRROR MOUNTS.

This invention prevents the side-view mirror of a truck from being damaged. It also enhances the mirror's appearance, which complements the look of the truck. Easy to use and producible in design variations the invention also can promote a favorite sports team or company.

The original design was submitted to the Denver office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-DVR-940, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
