

World Patent Marketing Invention Team Launches The Extend-a-Visor Sun Visor Clip, A New Safety Invention That Keeps The Sun Out Of The Driver's Eyes

World Patent Marketing Reviews A New Safety Invention. Will Extend-a-Visor Sun Visor Clip Be the Next World Patent Marketing Low Cost Success Story?

New York, NY ([PRWEB](#)) May 09, 2016 -- [World Patent Marketing](#), a vertically integrated manufacturer and engineer of patented products, announces the Extend-a-Visor Sun Visor Clip, a safety invention created to protect drivers against the harsh and bright glare of the sun.

"The Safety Equipment & Supplies Distributors industry is worth \$12 billion," says Scott Cooper CEO and Creative Director of World Patent Marketing. "By 2019, the recovery in these key downstream sectors is forecast to continue, leading to industry growth."

"Driving is difficult when the bright rays of the sun constantly blinds your eyes," says Jerry Shapiro, Director of Manufacturing and [World Patent Marketing Inventions](#). "This safety invention called the Extend-a-Visor Sun Visor Clip allows drivers to shield their eyes and clearly see their surroundings at the same time."

Extend-a-Visor Sun Visor Clip is a safety invention designed to provide an effective way of shielding the eyes against the harsh glare of the sun while driving. Made of highly durable material, this invention comprises of a special design which allows users to easily clip on this device onto their wind shield when needed. It comprises of clips which will allow it to attach to an existing visor. To add more function, it uses sun-reflective technologies to ensure that it does not get damaged when exposed to the sun's rays for a prolonged period of time. By using Extend-a-Visor Sun Visor Clip one is now able to drive comfortably without constantly being bothered by the bright and harsh rays of the sun. In addition to this, it helps prevent accidents due to temporarily blindness caused by bright glares. With this invention, people will be able to drive in a safe and comfortable manner.

"It's an honor to present this visor to many drivers out there," says inventor Debra S. "My husband and I have been driving over the road in our Semi-tractor for more than 15 years. We, and we're pretty sure, our fellow drivers have experienced the same problem of the sun glaring between the two visors of the wind shield and blinding us. So the idea came from fighting the sun and glare for years."

Kenny Brown, an automobile owner from Texas, has this to say about Extend-a-Visor Sun Visor Clip: "The Extend-a-Visor Sun Visor Clip is something that allows me to protect myself against the harsh bright rays of the sun while on the road. With it, I am able to clearly see what is going on while driving, not to mention protect myself from the harsh effects of the UV rays of the sun."

The Extend-a-Visor Sun Visor Clip is a safety invention needed by every vehicle driver.
