

Keynote Speakers from Shell Global Systems and Corning will Highlight the SAE International Powertrains, Fuels and Lubricants Meeting

SAE International announces the keynote speakers for the SAE 2016 International Powertrains, Fuels & Lubricants Meeting, which will be held Oct. 24-26 at the Lord Baltimore Hotel in Baltimore, Maryland, USA.

WARRENDALE, Pa. ([PRWEB](#)) May 10, 2016 -- SAE International announces the keynote speakers for the [SAE 2016 International Powertrains, Fuels & Lubricants Meeting](#), which will be held Oct. 24-26 at the Lord Baltimore Hotel in Baltimore, Maryland, USA.

With a theme of “Balancing Legislation and Customer Expectations for Future Powertrains, Fuels and Lubricants,” the most highly regarded experts in engineering, science and supply will gather to update the industry on the latest progress and emerging technologies for powertrains, fuels and lubricants.

Keynote speakers will include Wolfgang Warnecke, Chief Scientist – Mobility, Shell Global Solutions (Deutschland) GmbH and Timothy V. Johnson, Director - Emerging Regulations and Technologies, Corning Incorporated.

The meeting also will feature an Executive Panel titled, “Balancing Regulations and Customer Expectations in Future Powertrain, Fuel, Lubricant, and Vehicle Systems.” Panel members will represent government and industry. The executives on this panel will represent a cross-section of top decision-makers in the automotive, powertrain, fuels, and lubricant industries, as well as top-level federal and state regulators.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 128,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our charitable arm, the SAE Foundation, which helps fund programs like A World in Motion® and the Collegiate Design Series™.
