

DATAONE SOFTWARE ANNOUNCES THE COMPLETION OF ITS RAPID REVIEW SERVICE FOR ADLIS.COM

BOSTON, MA - Feb. 22, 2002 - DataOne Software, a leading car dealership solutions provider, today announced that it has completed its development work on RapidReview™ for Adlis.com, a leader in vehicle dent removal. "This is yet another example of how DataOne's OneSource development can create rapid solutions for the dealership industry," said Jock Pereira, chairman and CEO, DataOne Software.

([PRWEB](#)) March 4, 2002 -- BOSTON, MA - Feb. 22, 2002 - DataOne Software, a leading car dealership solutions provider, today announced that it has completed its development work on RapidReview™ for Adlis.com, a leader in vehicle dent removal. "This is yet another example of how DataOne's OneSource development can create rapid solutions for the dealership industry." said Jock Pereira, chairman and CEO, DataOne Software.

RapidReview is an Internet service that will allow dealerships and consumers to quickly send digital images of their vehicles to Adlis.com service technicians. Service personnel can be immediately notified on their Palm PDA's. This means not only faster response times for clients but a more streamlined process. "Adlis.com now has the ability to review dings and dents before visiting customer sites. This gives them the ability to pick and choose between the jobs they cannot do and the ones they can." said Pereira.

ABOUT DATAONESOFTWARE

DataOne Software ignited the online car dealership revolution with a blend of leading edge technology and personal service. Originally founded in August of 2000 as a consulting firm for online strategy, DataOne has narrowed its focus to providing data solutions for car dealerships. DataOne Software has since grown to be a leader in providing dealership solutions with a mission to use the Internet 'to transform the way car companies do business'. While our customer base and solution offerings have grown considerably since the 'early days', we still maintain our founding principal to customer satisfaction and the delivery of fresh solutions, rapidly, to any dealership in the United States.
