

Driving Dynamics Launches New Mobile-Friendly Registration Portal For Its Behind-the-Wheel Driver Safety Training Courses

Driving Dynamics customers can now have their drivers enroll in a behind-the-wheel driver safety course and self-manage their training schedule from <https://www.mydrivingdynamics.com>.

Newark, Delaware ([PRWEB](#)) June 24, 2016 -- Driving Dynamics Inc. announced the launch of a new mobile-friendly website dedicated to facilitating registrations for all of its behind-the-wheel (BTW) driver safety training programs comprising multi-employer/open enrollment, dedicated and specialty courses.

From the home page located at <https://www.mydrivingdynamics.com>:

- Visitors can access a training demo and see a high-level overview of BTW training features and benefits
- Companies can contact Driving Dynamics to schedule a dedicated group BTW course for their employees
- New driver users that are employees of recognized customers can self-register for BTW training
- Existing student-driver users can sign in to manage their own training schedules.

Student drivers that are enrolled and logged into the registration portal are able to:

- View all of the classes within a certain radius of the entered zip code
- See and print details of a specific class, including: date, time, location, address and a Google map with driving directions.
- Select and enroll in a behind-the-wheel Open Enrollment course
- Get on a wait list for class that is currently showing as full
- Pay for a class with a credit card, unless billing has been pre-arranged with their employer
- Access all their scheduling information from the My Schedule link which can be filtered by: classes scheduled, attended, completed or cancelled
- View and update their profile information from the My Info link
- Contact Driving Dynamics driver services directly from the portal

Driving Dynamics offers its advance performance Open Enrollment behind-the-wheel classes in 55 major markets and more than 200 training sites throughout North America. Companies interested in providing their drivers access to Open Enrollment classes can sign up to use the Driving Dynamics registration portal at no cost by contacting Debbie Lodge, VP client relations at 302-387-3532 or dlodge@drivingdynamics.com.

“As our behind-the-wheel course offering has expanded and enrollments have increased it was clear we needed to better automate the registration process and enhance that experience for fleet administrators and their drivers. This portal now provides drivers with a self-service option to manage the logistics of their training when and where it’s most convenient for them” said Debbie Lodge, vice president of client relations for Driving Dynamics.

About Driving Dynamics Inc.

A leading provider of advanced performance driver safety training and fleet risk management services throughout North America, Driving Dynamics’ unique and highly effective approach to behind-the-wheel driver education, simulator-based training, online learning and driver risk management has helped numerous fleet-based organizations achieve significant reductions in their crash rates.

Founded in 1987 and headquartered in Newark, Delaware, Driving Dynamics has earned its position as an accomplished provider of impactful driver safety training by continually building and delivering programs based on sound research, proven learning methodologies and expert instruction. We are dedicated to improving drivers' abilities to stay safe by leveraging risk management tools, principle-based learning and applied techniques. Driving Dynamics encourages all drivers to Steer Toward Safety™. For more information about Driving Dynamics visit <http://www.drivingdynamics.com>.
