

## Sharper Edge Engines LLC Announces Used Auto Parts For Sale

*Family- owned auto parts dealer, Sharper Edge Engines LLC, announced today their collection of used engines for sale.*

Jacksonville FL ([PRWEB](#)) June 30, 2016 -- [Sharper Edge Engines LLC](#) believes honesty should be everyone's most important priority. That's why with their line of used engines and transmissions now for sale, customers will also receive fair prices, exceptional customer service and superior products.

“Reliability and quality in the used engine business make the entire process smoother for everyone,” says Jack Brower, longtime associate of Sharper Edge Engines. “That’s why we guarantee 100% honesty and quality service to all clients.”

While there are several resources available for those seeking used engines and transmissions, Sharper Edge provides durable products without the prices of typical retailers or dealerships. While customers can also trust a local garage to install their engine or even purchase their engine online, Sharper Edge warns that customers may not understand the products they are ordering.

“The problem with making a purchase online is that often people would not taking the time to check out the companies they are going to buy from,” Brower says. “Sharper Edge provides expert intel on all inventory before clients hang the phone up, ensuring you get the products to fulfill all your needs.”

When it comes to selling or buying used engines and transmissions, trust is paramount. It’s imperative for sellers to provide the VIN of the vehicle that their engine is coming from, as well as a collision report or Carfax. It is also important to make sure customers get the correct mileage of the parts and superior customer service. Sharper Edge Engines maintains an A+ Rating with the [Better Business Bureau \(BBB\)](#) nationwide, providing all these resources and services that go above and beyond average retailers. Sharper Edge Engines works hard to ensure a customer satisfaction by representing the product in a fair and honest manner.

About Sharper Edge Engines LLC:
