

## **U.S. Pave To Be Featured On Office Spaces airing on Lifetime Television®**

*U.S. Pave, Florida's leader in asphalt and parking lot services, will be featured in a segment of Office Spaces, airing on Lifetime Television on June 27, 2016 at 7:30am. U.S. Pave serves the greater West Palm Beach, Fort Lauderdale and Miami areas with comprehensive commercial paving solutions that provide the highest level of sustainability and quality.*

Fort Lauderdale, Florida ([PRWEB](#)) June 27, 2016 -- The Office Spaces episode will highlight the demolition and remodeling of the parking lot of the BrandStar Corporate building into a dazzling new parking lot for employees. U.S. Pave specialists consider every aspect of the parking lot with special consideration to leveling of the lot, water flow, and multiple inspections along the way. Through digging trenches, removing old soil, and refilling for maximum stability, U.S. Pave will create a solid surface for pouring new asphalt. With extended curbing, the parking lot takes on a brand new shape. The special sealcoating provides a finishing touch that will sustain the parking lot surface, while “greening” the BrandStar campus.

“I couldn’t be more excited about U.S. Pave being featured on Office Spaces, airing on Lifetime Television. The project at BrandStar awarded U.S. Pave the opportunity to demonstrate professionalism and precision in every aspect of the new parking lot—from planning to execution,” says Nick Small, Owner of U.S. Pave.

Specializing in a full spectrum of parking lot management solutions for commercial, condominium, multi-family, retail and industrial properties, U.S. Pave’s excellence relies upon completing projects on time and within budget. With a plan geared towards longevity and sustainability, U.S. Pave handles all aspects of asphalt services. The paving specialists at U.S. Pave deliver reliable and professional concrete and asphalt services such as parking lot resurfacing, [sealcoating](#), line stripping, patching, [pothole repair](#), and new asphalt construction. In addition, [maintenance services](#) are provided for curbing, dumpster pads, access ramps, driveway approaches, footings, and sidewalks. U.S. Pave provides the service you need—when you need it.

For more information about parking lot maintenance services, from concrete to asphalt, contact U.S. Pave today at [uspave.com](#) or 954-210-7481.
