

AVeL-TECH Has Been Contracted By Motorola To Provide Entergy Corporation, A Leading Global Energy Company, With An Automatic Vehicle Location System

AVeL-TECH Has Been Contracted By Motorola To Provide Entergy Corporation With An Automatic Vehicle Location System.

By combining the enabling technologies of GPS, wireless data communications and computer networks, the AVeL-NET system will provide operators with the tools to optimize the efficiency of their mobile resources and ensure the safety of their personnel in the field.

([PRWEB](#)) April 19, 2002 -- AVeL-TECH Has Been Contracted By Motorola To Provide Entergy Corporation With An Automatic Vehicle Location System.

In this first deployment with Entergy, AVeL-TECH will be providing AVeL-NET Base and RadioGATE for 25 vehicles.

By combining the enabling technologies of GPS, wireless data communications and computer networks, the AVeL-NET system will provide operators with the tools to optimize the efficiency of their mobile resources and ensure the safety of their personnel in the field.

Entergy Corp., headquartered in New Orleans, Louisiana, USA, is a publicly traded company (ETR.NYSE) with annual revenues of more than \$10 billion, is a major global energy company engaged in power production, distribution operations, and related diversified services, with more than 15,000 employees.

Entergy Corp. owns, manages, or invests in power plants generating more than 30,000 megawatts of electricity domestically and internationally, and delivers electricity to about 2.6 million customers in portions of Arkansas, Louisiana, Mississippi, and Texas.

AVeL-TECH Background Information

Based in Canada, AVeL-TECH designs and commercializes a complete suite of products for mission critical organizations, including computer aided dispatch (AVeL-CAD), automatic vehicle location (AVeL-NET), message switch (RadioGATE) and vehicular applications (MobiCAD).

AVeL-TECH's products have been designed to conform to the highest standards set forth by public safety organizations requiring uncompromized robustness to handle uninterrupted life-saving operations.

The AVeL-NET product line is modular and can be articulated around most operational requirements. AVeL-NET is available in English, Spanish, Portuguese and French and is currently used by several Police, Ambulance, Fire departments and Governmental Agencies in North America, Latin America and Europe.

AVeL-NET, AVeL-CAD, RadioGATE and MobiCAD are trademarks of AVeL-TECH Incorporated.
