

Vehicle Safety Device Invented by InventHelp Client (ALL-700)

InventHelp is working to submit this idea, WISDOM WORKS - MY PROTECTION to companies for their consideration.

PITTSBURGH, PA ([PRWEB](#)) July 29, 2016 -- An inventor, from Decatur, Ga., thought there needed to be a safe way to prevent children and pets from being left behind in a car, so she invented the WISDOM WORKS - MY PROTECTION.

The WISDOM WORKS - MY PROTECTION helps to prevent a child or pet from being left behind in a vehicle. In doing so, it could help to prevent heat-or cold-related injuries. As a result, it enhances safety and it provides added peace of mind. The invention features an effective design that is convenient and easy to use so it is ideal for vehicle owners, parents and pet owners. Additionally, the WISDOM WORKS - MY PROTECTION is producible in design variations.

The inventor described the invention design. “My design offers an effective reminder for parents and drivers.”

The original design was submitted to the Atlanta office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers.
