

## Online Recreational Vehicle classified service offers great value for both individuals and RV dealers!

*SWARTZ CREEK, MI* (January 14, 2003) *MoreRVs.com, an online RV classified website offers a valuable service to both private parties and RV dealers. The flat-rate one time fee structure and simple listing form doesn't overcomplicate the process, yet the site still reaches thousands of people each day.*

([PRWEB](#)) January 16, 2003 -- RVC Enterprises, LLC is proud to re-launch MoreRVs.com Simple Online RV Classified Ads. (<http://www.morervs.com>) This site was built from scratch to incorporate all of the features that both dealers and private individuals would want in a classified site. But still stay, as the name implies, simple!<br>

"We pride ourselves in making it as easy as possible to list your RV on our site. Whether you are a seasoned internet user, RV dealer, or a beginner we will do everything we can to help you." says Patrick Keeler, managing partner in RVC Enterprises, LLC.<br>

MoreRVs.com was born of humble beginnings as a small hobby website and gradually grew to service tens of thousands of visitors a month. "We saw a real opportunity in this area, primarily because all the other sites were complex and could confuse the user. We worked hard to make it very simple, we just applied the K.I.S.S method.<br>

Don't take our word for it, see what others have said! ...<br>

"Yes sir! We sold it online. The first contact was less than a week--the party that bought it from Madison, WI. We had approx. six calls in one month. Thank you so very, very much. You may certainly use our names on your site. Highly recommended!" ; Bonnie and Ernie Huland, Rhinelander, WI<br>

"Sold it To The First Caller at Asking Price in 5 Days !" ; Gary K.<br>

As simple as MoreRVs is, the site still offers many features that were mostly reserved for the higher priced classified sites.<br>

Not only does MoreRVs offer a lot to private parties, but RV dealers will benefit equally as much. For a flat monthly membership fee, dealers will receive world class service backed with vigorous advertising both in multiple national print magazines and online with Google and Overture. Dealer features include an internet showroom which they can use on their own website. Also included is the ability to add detailed information about the dealership which will show on a dealer ad title bar within all the ads for that dealer. They even have the ability to submit a banner to be included on ads and on the dealer showroom page.<br>

MoreRVs.com is also part of the RVData network (<http://www.rvdata.com>) which allows dealers to centrally manage their RV classified ads from one central site.<br>
