

AMS Offers Franchises

Popular Auto Service Center Offers Franchises

Hendersonville, North Carolina ([PRWEB](#)) June 25, 2003 -- After 40 years of automotive service to their community as Paul's Foreign Automotive, Mr. & Mrs. Paul Sheldrick have decided to present AMS (Automotive Maintenance Solutions).

With Son Rick involved in the family business for about 20 years, the Sheldricks will offer the same top-quality service

their customers always rely on. AMS specializes in much needed "preventative" maintenance services. Now, after numerous requests by their customers, the Sheldricks have announced their plans to offer franchising program. Two generations of the Sheldrick family have contributed to the success of the business.

The same professionalism and integrity that has made the local service center great has been incorporated into the training and support system that AMS franchisees can come to expect. In their national franchising program, the company's first priority was to communicate to its community and prospective franchisees that they will always receive the same professional and efficient support that they have come to depend on.

The Sheldrick family wants entrepreneurs across the country to know that they can always expect personal attention in the set-up of their new business. The same support team that made the AMS business great is committed to making each and every one of its franchises GREAT! The Sheldricks were not planning to sell just any common oil change.

They researched the market and the competition and decided that performing automotive maintenance actually increased the reliability of their customers vehicles. "With a market of over 70 Billion in unperformed automotive maintenance, imagine the potential our AMS franchisees may realize" says Mr. Paul Sheldrick. From its inception, the AMS business was built with a structure that will enable each franchisee to maximize their potential. "Our goal is not just to sell franchises, we want our franchisees to be successful" says Rick Sheldrick.

The entire Sheldrick family invites you to compare the AMS franchise system to other opportunities and make an intelligent choice! Visit our website www.amscarcare.com or Call toll-free 1-866-845-9611
