

Jim Ellis Automotive Group Celebrates Grand Opening of the New Audi Atlanta Store

Audi Atlanta stands out with new store and many accomplishments and accolades to go with it.

Atlanta Georgia ([PRWEB](#)) December 31, 2014 -- Jim Ellis Automotive Group celebrates the grand opening of Audi Atlanta with the store's new location on Peachtree Boulevard in Atlanta; just a few doors south of their previous location. A Grand Opening Celebration was held on Tuesday, December 9, following the actual opening of the store on November 3.

The new Audi Atlanta store boasts a state of the art facility that is over 70,000 sq. feet, one of the largest Audi dealerships. The beautiful interior of the new Audi Atlanta building includes an in-house dining experience at the quattro café. The café serves Starbucks coffee, sandwiches and items hot off the grill.

In addition to the café, other amenities of the store include a family-friendly children's play area, a four-lane indoor service drive, a giant video wall, a Customer Design Center, an indoor delivery center and a 14 car showroom. With the winter weather fast approaching, what better time to have the convenience of indoor service, design, shopping and delivery? The new Audi Atlanta also boasts the largest loaner fleet in the United States and the largest inventory of Audis in the State of Georgia.

"Jim Ellis has nearly a 35 year history with the Audi brand," said Audi Atlanta General Manager Tracie Maloney. "We are so thrilled with our new state of the art facility and all the amenities that it offers, making the dealership appeal and experience match the high quality of the Audi brand. With our new facility we are now poised and ready to take it to the next level!"

Since opening Jim Ellis Audi Atlanta in 1983, the dealership has paved a path with many achievements. Audi Atlanta is the number one Certified Pre-Owned Audi dealer in the United States and an Audi Magna Award Winner for nine consecutive years. In addition to the accolades earned, Audi Atlanta has over 100 years of combined management experience within the current Audi Atlanta management team.

Jim Ellis Automotive was founded in 1971 with its first dealership: Volkswagen in Atlanta. That was just the start of many more brands and dealerships added over the past 43 years.

This Audi location is happy to service folks in Atlanta and the surrounding areas. This beautiful new facility is right off I-285 at 5805 Peachtree Boulevard.

About Audi Atlanta
