Grand Rapids, Michigan ([PRWEB](#)) November 30, 2015 -- The [Barone Defense Firm](#) is Michigan's largest law firm exclusively devoted to the defense of allegedly intoxicated drivers, and the only such firm in Michigan with three Super Lawyers. The firm consists of six full-time lawyers, all of whom exclusively handle driving related cases involving drugs or alcohol, including those cases with serious injury or death.

Three of the Firm's lawyers are currently featured in the 2016 edition of Super Lawyers, which is a rating service for outstanding lawyers who have attained a high-degree of peer recognition and professional achievement. The three Barone Defense Firm lawyers carrying this distinction include Patrick Barone, the Firm's founding partner and CEO, Firm Partner Michael Boyle, and associate attorney Ryan Ramsayer, both of whom appear in the magazine's "rising star" section.

While Mr. Barone has been listed in Super Lawyers since the magazine's Michigan inception in 2007, and Mr. Boyle has been a rising star since 2013, Mr. Ramsayer is new to the list in 2016. "I am proud to lead a Firm which such highly skilled lawyers. It's especially nice when my own perception of my colleague's exceptional performance is also recognized by my professional peers," said Mr. Barone.

Being listed in Super Lawyers cannot be purchased, and recognition by the magazine's advisory board, which is composed of attorneys who embody excellence in practice, is not dependent on advertising in the magazine. According to Barone "this is one reason why the recognition is more meaningful than many other lawyer rating operations, which are essentially 'pay-to-play.'" "Being listed in Super Lawyers signifies that a lawyer has reached the highest level of professional excellence, so much so that they are widely recognized as such by their peers."

With offices in Birmingham and Grand Rapids Michigan, the Barone Defense Firm's six lawyers exclusively represent citizens throughout the state who are accused of intoxicated driving, including those cases involving injury or death. No other cases are accepted. As Michigan's largest law firm with this singular focus, the Barone Defense Firm remains on the cutting edge of professional excellence.
