

## **Tousley Motorsports First Dealer in Minnesota to Carry Hammerhead Go Karts**

*The gasoline-powered go karts are now available for purchase at Tousley Motorsports' 2-acre indoor showroom and online.*

White Bear Lake, Minnesota ([PRWEB](#)) November 25, 2015 -- Tousley Motorsports today announced that Hammerhead Go Karts are now available for purchase at their showroom in White Bear Lake and online.

"We're really excited to be able to offer Hammerhead Go Karts for sale just in time for the holidays," said David Glassman, co-owner of Tousley Motorsports. "Gasoline-powered go karts are a great present for kids who enjoy the outdoors - and a fun introduction to off-roading. All the go karts are safe and are easy to start with electric start and an automatic choke, and they all come standard with reverse. The tires are also good in snow so kids can enjoy offroading no matter the weather."

Tousley Motorsports is the first powersports dealer in Minnesota to secure the rights to sell Hammerhead go karts. Founded in 2003, Hammerhead Off-Road is one of the nation's leading manufacturers of gasoline powered, recreational go karts. The company was acquired by Minnesota-based Polaris Industries in February 2015.

Tousley Motorsports has the following five Hammerhead Go Kart models in stock:

<http://www.tousleymotorsports.com/hammerhead-go-karts.htm>

### Hammerhead MudHead 208R (Ages 10+)

Designed for more experienced young drivers, the MudHead 208R is a great year-round model with a canopy top to help protect against bad weather.

### Hammerhead GTS 150 (Ages 16+)

The nation's best-selling 150cc go kart, the Hammerhead GTS 150 comes with an adjustable bucket seat, all wheel fenders, five-point harness seat belt and speedometer.

### Hammerhead GTS Platinum (Ages 16+)

Made for tough off road conditions, the GTS Platinum is a souped-up version of the GTS 150 with high-performance nitrogen gas shocks, and hydraulic disc brakes.

### Hammerhead GL 150 (Ages 16+)

This back-to-basics GL 150 go kart can still keep up with the deluxe models with an automatic transmission, front independent suspension and a 150cc motor.

### Hammerhead R-150 (Ages 16+)

The most practical off road vehicle in Hammerhead's go kart line-up, the R-150 comes with a 250-pound dump bed, 500 pounds of towing capacity, and a spacious interior.

A popular gift for kids 10 years of age and up, the Hammerhead Go Karts will be available for purchase both online and at the Tousley Motorsports indoor showroom. They can be delivered within the Twin Cities metro area or shipped anywhere in North America.
