

SuperSprings approved by leading Van Converters.

SuperSprings, the leading suspension stabilizer in the USA has been approved by Centurion Vehicles Inc., L.A. West & Choo Choo Customs and Commercial Van Interiors.

([PRWEB](#)) February 1, 2004 --SuperSprings International Inc. are proud to be associated with Centurion Vehicles, L.A. West, Choo Choo Customs and Commercial Van Interiors, all of whom have approved the fitment of the SuperSprings product on their vehicles. While all of these manufacturers produce conversion vans of the highest quality, SuperSprings serves to enhance the safety and driving comfort by greatly reducing body roll. Dealerships around the country will now be receiving a superior product from these manufacturers, setting them apart from the others.

SuperSprings is a self adjusting suspension stabilizer that increases load capacity, reduces body roll, improves handling and reduces wear and tear. They are also maintenance free.
