

## **New from Summit Racing Equipment: Summit Racing Black Ultimate Eight Wheels, Rigid Industries M-Series Light Bars, and Lund Summit Ridge Running Boards**

*Truck owners can update the looks and functionality of their vehicles with these new products, now available at Summit Racing.*

Tallmadge, OH ([PRWEB](#)) December 31, 2013 -- Truck owners can update the looks and functionality of their vehicles with these new products, now available at Summit Racing:

### **SUMMIT RACING 375 SERIES BLACK ULTIMATE EIGHT WHEELS**

With eight hefty slotted spokes, it's easy to see where 375 Series Black Ultimate Eight Wheels earned their name. These aggressive wheels use one-piece aluminum construction to provide a high load rating. The wheels' machined face features gloss black accents, while a beefy center cap tops off the rugged look.

### **RIGID INDUSTRIES M-SERIES LED LIGHT BARS**

Rigid Industries' M-Series Light Bars incorporate LED technology that allows you to blaze through the darkest trails. LED lighting is perfect for off-roading; it typically uses less electricity, generates less heat, and the bulbs last longer when compared to traditional incandescent lighting. The light bars have corrosion-resistant aluminum housings and stainless steel hardware.

### **LUND SUMMIT RIDGE RUNNING BOARDS**

Lund Summit Ridge Running Boards are built to withstand years of regular use. The steps use an OE-style design that integrates seamlessly with the truck's factory lines. They are made with corrosion-resistant aluminum to ward off Mother Nature and are strong enough to handle the grind of a work week.
