

RCI Banque Revolutionizes UK Auto Financing with AU10TIX Technology Backed 20-Minute Car Loan Approval and Payout

RCI Financial Services announced a revolutionary, AU10TIX technology backed, dealer system that enables paperless customer authentication, approval and payout in 20 minutes instead of typical market standard of hours or even days. The “RCI Direct” system will enable UK’s Renault, Dacia Nissan and Infiniti dealers to increase customer acquisition success rates, reduce operating costs, combat fraud more efficiently and meet KYC regulations, whilst improving customer satisfaction and advocacy.

Nicosia, Cyprus ([PRWEB](#)) January 08, 2014 -- RCI Financial Services Ltd, the UK subsidiary of RCI Banque SA and provider of retail and wholesale funding solutions for the UK’s Renault, Dacia Nissan and Infiniti dealers, has launched the AU10TIX technology enhanced RCI Direct dealer system. The unique paperless end-to-end customer ID authentication, approval and onboarding system enables RCI Finance to action payout requests received with correct documentation up to 5.00 p.m. Monday to Friday - within 15-20 minutes! If RCI underwriting conditions are complied with, e-signature pad, AU10TIX ID and licence scanning and authentication stations and RCI Direct self-billing invoice enable confirming payments in minutes instead of typical industry standard of hours and even days!

“This is a game changer”, says Alan Heaffey, Operations Director RCI Financial Services Ltd.: “Once RCI dealers have submitted the payout request they could be showing their customer around the new car or going through their paperwork, while feeling confident that, if all is correct, they will receive confirmation before the customer leaves their showroom, with no rejection due to incorrect documentation. There is no inconvenience of having to re-contact customers and get them back in to re-sign. Any errors can be corrected there and then. The only reason for non-payment will be if the signature does not match or underwriting conditions have not been complied with. Anyone in car financing knows that this is huge! This means being able to increase conversion rates and effective customer handling volume, increase operating efficiency and save costs, and facilitate effective fraud protection and KYC compliance. That is a win-win situation for customers, dealers and RCI Financial Services”.

“Let me quote our friends at RCI UK”, says Ron Atzmon, Managing Director of AU10TIX: “No imitations or copies (no matter how good) will pass our scanner, only the real thing, unlike many other providers’. I believe that this speaks for itself... We are honoured to have won the confidence of the RCI professionals. As implied from this quote, our system has been thoroughly tested against others on the market. It proved superior not in theory but in practice, and that indeed is reason to be proud .”

About RCI Financial Services Ltd

RCI Financial Services is a 100% subsidiary of RCI Banque SA - a 100% subsidiary of Renault SA, with head office is in Noisy le Grand, France. RCI Banque provides finance for the sales of Renault Group brands (Renault, Samsung Motors, Dacia) throughout the world and for the Nissan Group (Nissan, Infiniti).
