

The Newest Truck and SUV Products Now Available at Summit Racing Equipment

Summit Racing now carries the newest Truck and SUV parts from Method Race Wheels, JMS Chip, and Rigid Industries.

Tallmadge, OH ([PRWEB](#)) August 18, 2016 -- Summit Racing now carries the newest Truck and SUV parts from Method Race Wheels, JMS Chip, and Rigid Industries.

[Method Race Wheels](#)

Available in dozens of styles, sizes, and colors, Method Race Wheels are a functional and visual upgrade for hard working trucks and SUVs. Summit Racing carries over 500 Method Race Wheels including the MR105 Beadlock, MR301 The Standard Matte Black, and MR307 Hole Matte Black wheels.

[JMS Chip BoostMAX Performance Boosters for Ford Ecoboost F-150](#)

JMS Chip's new BoostMAX Performance Boosters pull more power and torque from Ford Ecoboost series engines without sacrificing daily-driver reliability. The boosters' built-in digital microprocessor calibrates automatically, adjusting spark, timing, and fuel delivery to increase power and torque throughout the powerband.

[Rigid Industries Radiance LED Light Bars](#)

The Radiance Series LED Light Bars have optimized, forward projecting Broad Spot optics that deliver a perfect combination of spot/flood beam patterns. But what's really cool are the colored LED light accents that supplement the primary lights for a slick, custom look. The accents are available in red, blue, green, amber, or white.
