([PRWEB](#)) March 18, 2004 --FleetLegal Solutions announces it's first integrated service offering, the MoreTrucking Fuel Card. The MoreTrucking Fuel Card replaces cash and credit cards for fuel and maintenance purchases with a low \$0.25 transaction fee - at over 3,300 Fleet One Plus Network truckstop locations across the country like T/A, Pilot, Petro, Williams, Love's, Mapco, GSN, PTP, Truck Stops Direct, Wilco, Sapp Bros, and many quality independents.

"Our clients are looking to us for integrated solutions," says FleetLegal Solutions VP, David Wright. "The MoreTrucking fuel program offers a security driven card that gives owner/operators and fleet drivers a convenient way to pay for company-related fueling and maintenance expenses. Now fuel purchase transactions are captured accurately & securely allowing full integration with the quality fuel tax reporting service provided by FleetLegal Solutions and ensuring that our clients receive 100% of the tax credit for fuel purchased at the pump."

It's much more than just a fuel card. A single MoreTrucking card may be used for fuel, cash, tires, tune-ups, and travel related expenses, like lodging. Use a "PlusChek" which works like cash, without the liability, when cards can't be used.
