

## **Inventor and InventHelp Client Designs SAFE DRIVE (AVZ-1270)**

*InventHelp, founded in 1984 in Pittsburgh, is submitting the SAFE DRIVE to applicable companies for their review.*

PITTSBURGH, PA ([PRWEB](#)) November 12, 2015 -- An inventor, from Savannah, Ga., thought there needed to be an effective way to prevent texting while driving, so he invented the SAFE DRIVE.

The SAFE DRIVE prevents an individual from texting while driving. In doing so, it helps to prevent texting related accidents. As a result, it enhances safety and it provides added peace of mind. The invention features a practical design that is convenient and easy to use so it is ideal for vehicle owners. Additionally, the SAFE DRIVE is producible in design variations.

The inventor described the invention design. “My design enhances safety by preventing texting related distractions.”

The original design was submitted to the Telemarketing office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 14-AVZ-1270, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
