

InventHelp Inventor Creates Device (ROH-226)

InventHelp, based in Pittsburgh, Pa., is submitting the SAFETY & FUEL SAVINGS DEVICE to companies for their review.

PITTSBURGH, PA ([PRWEB](#)) October 01, 2016 -- An inventor from Mexico, N.Y., drives truck for a living and thought there needed to be a more reliable way to check blind spots while driving. The patent-pending SAFETY & FUEL SAVINGS DEVICE was the result of his brainstorming.

This device enables a driver to check blind spots in a better manner, which helps prevent accidents and save lives. It also saves fuel by reducing air drag. Overall, it promotes safety and good mileage. It can be built into new manufactured vehicles.

The original design was submitted to the Rochester office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-ROH-226, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
