

## **Fog & Emergency Light Kit Invented by Two InventHelp® Clients (ALL-708)**

*InventHelp, America's leading inventor service company, attempts to submit an invention, Fog & Emergency Light Kit, to companies for review.*

Pittsburgh, PA ([PRWEB](#)) October 24, 2016 -- Two inventors, from Macon, Ga., thought there needed to be a safer way to drive in heavy fog, so they invented the Fog & Emergency Light Kit.

The Fog & Emergency Light Kit improves visibility when driving in heavy fog. In doing so, it could help to prevent accidents. As a result, it enhances safety and it provides added peace of mind. The invention features an effective design that is convenient and easy to use so it is ideal for vehicle owners. Additionally, the Fog & Emergency Light Kit is producible in design variations.

The inventors described the invention design. “Our design enhances safety by increasing vehicle visibility.”

The original design was submitted to the Atlanta office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers.
