

InventHelp Inventor Develops R.V. Accessory for Pets (LAX-772)

A leading invention submission company, InventHelp is submitting the RV VEHICLE PLAY PEN FOR PETS to companies for review.

PITTSBURGH, PA ([PRWEB](#)) December 21, 2016 -- "I travel the country in my R.V., and I also bring my pets along with me," said an inventor from Tustin, Calif. "I wanted them to be able to go outside and smell the fresh air while we were on the road, which led me to develop this convenient pet accessory for R.V.s."

He created a prototype for the RV VEHICLE PLAY PEN FOR PETS to provide a safe outdoor area in which pets can play. The accessory ensures that pets get exercise while traveling. It keeps pets occupied, playful and happy. The device is usable with both dogs and cats. It makes traveling with pets less stressful and more enjoyable. Additionally, the invention is adaptable for use with new and existing R.V.s and vans.

The original design was submitted to the Los Angeles office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-LAX-772, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
