

Rest and Sleep in a Vehicle More Comfortably with THE PRO HEADREST - Designed by InventHelp Client (SAH-1257)

Pittsburgh-based InventHelp is submitting THE PRO HEADREST to appropriate companies for their consideration.

PITTSBURGH, PA ([PRWEB](#)) July 26, 2017 -- We all know how difficult, if not impossible, it is to rest, relax or sleep while traveling in a vehicle, A Placerville, CA inventor has come up with an extraordinarily simple yet magically effective solution: the patent-pending THE PRO HEADREST.

This modified headrest provides an immediately accessible, pillow soft head and neck rest that eliminates stress, frustration and fatigue. No more flipping and flopping to try to find a comfortable position because this system enables you to rest, relax and sleep while being truly rejuvenated. The PRO HEADREST is compact, ergonomic and easy to use, and it is producible in different sizes, colors, materials and designs.

The original design was submitted to the Sacramento office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers.
