

AutoClaims Direct Auto Appraisals Adds Four New Managers.

AutoClaims Direct today announced the addition of four new account managers to further strengthen the company's industry leading quality control department.

Scottsdale, AZ ([PRWEB](#)) February 21, 2005 -- AutoClaims Direct today announced the addition of four new account managers to further strengthen the company's industry leading quality control department.

The additional account managers are members of an account team comprised of a claims and appraisal experts, an auditor and a claims assistant. The team is led by the account manager and functions like a mini claims department.

"We believe that a small team dedicated to a specific account allows us to provide a level of service unmatched in the industry. Each member of the quality control team is a claims professional who has either worked as a claims supervisor or senior adjuster/appraiser," states Ernie Bray, President and Director of Quality Control. "This means that clients of ACD are working with seasoned professionals that have years of experience in the auto claims environment. Our new account managers all come to ACD with over fifteen years each working for several major insurance carriers."

AutoClaims Direct is based in Scottsdale, Arizona with coverage in 22 states nationwide. AutoClaims Direct's "DirectLink" claims management solution is the most advanced and easiest to use on the market. ACD service features include a full staff of auto damage appraisers and a complete desk review program.
